

Scale 1:50

The diagram shows a cross-section of a building facade. At the top, there's a roof section with insulation (hatched) and a door labeled 27. Below the roof is a horizontal wall section with insulation (hatched) and a window labeled 20. To the left of the window is another wall section with insulation (hatched) and a door labeled 19. Below the window is a large rectangular area labeled 22, which appears to be a central part of the facade or a large window. To the right of this area are three dashed boxes labeled 23, 24, and 25. Further to the right is a dashed box labeled 26. Below the large rectangular area 22 is a horizontal wall section with insulation (hatched) and a door labeled 18. To the left of the door is another wall section with insulation (hatched) and a door labeled 17. Below the door 18 is a horizontal wall section with insulation (hatched) and a door labeled 16. To the left of the door 16 is another wall section with insulation (hatched) and a door labeled 15. Below the door 16 is a horizontal wall section with insulation (hatched) and a door labeled 14. To the left of the door 14 is another wall section with insulation (hatched) and a door labeled 13. Below the door 14 is a horizontal wall section with insulation (hatched) and a door labeled 12. To the left of the door 12 is another wall section with insulation (hatched) and a door labeled 11. Below the door 12 is a horizontal wall section with insulation (hatched) and a door labeled 10. To the left of the door 10 is another wall section with insulation (hatched) and a door labeled 9. Below the door 10 is a horizontal wall section with insulation (hatched) and a door labeled 8. To the left of the door 8 is another wall section with insulation (hatched) and a door labeled 7. Below the door 8 is a horizontal wall section with insulation (hatched) and a door labeled 6. To the left of the door 6 is another wall section with insulation (hatched) and a door labeled 5. Below the door 6 is a horizontal wall section with insulation (hatched) and a door labeled 4. To the left of the door 4 is another wall section with insulation (hatched) and a door labeled 3. Below the door 4 is a horizontal wall section with insulation (hatched) and a door labeled 2. To the left of the door 2 is another wall section with insulation (hatched) and a door labeled 1.
